Competent

VISA

Schengen EU

PROFILE

Entry-level deckhand from the Lake Constance region in Germany, now in Antibes and available immediately. Completed my STCW in Split this July and came straight to the Med to start on deck. Grew up by the water and a keen angler. Alongside university I run web and branding projects for a paying client, so responsibility, deadlines and detail are nothing new to me. Here to learn this industry properly, starting at the bottom.
